ADMISSIONS

APPLICATION PROCEDURE

A student who wishes to apply for admission to Rhodes may do so anytime after the end of his/her junior year in high school. The Rhodes Application (both Parts I and II) may be completed online and can be accessed at appl.rhodes.edu. Rhodes also accepts the Common Application (paper and on-line) in lieu of its own form and gives equal consideration to both. No application fee is required for students who use Rhodes' online application or the Common App Online.

In addition to the application for admission, first-year students must submit an official high school transcript, standardized test scores (SAT or ACT), a counselor and a teacher recommendation, and a senior year progress report. Transfer students must submit an application for admission, an official high

ADMISSIONS

The test in the junior year as a means of adjusting to this type of examination or for Early Decision or Early Admission purposes. Any student applying for Regular Decision should take the test no later than December of the senior year so that their scores will be available to the admissions staff by January 15. If the secondary school record does not include the student's scores from the SAT or ACT, the student must have the scores sent to the Admissions Office from the testing agency.

Test application forms may be obtained from high schools or by registering for them online at collegeboard.com (SAT) or act.org (ACT).

Supporting Documents. Additional supporting documents will be considered when deciding on a student's admission to the College. These documents include a listing of extracurricular involvements, leadership positions or summer experiences, short-answer questions, an application essay, a counselor's report, and a teacher's recommendation.

Student Interest. A list of the Rhodes camps (in addition to other demonstrations of interest) can be a deciding factor in making an admission decision between two similar candidates. Interest may also be demonstrated 9(0)-22(a)-2(d)-5(ep)-142(an)

Early decision candidates who wish to be considered for need-based financial aid must complete and submit the College Scholarship Service's PROFILE to the Financial Aid Office by November 1 for Early Decision I or by January 1 for Early Decision II in order to determine estimated eligibility for financial assistance. The financial aid package offered under Early Decision must be verified by filing the Free Application for Federal Student Aid (FAFSA) by March 1.

Under the Early Decision Plan, the College agrees to render a decision on admission by December 1 for Early Decision I or by February 1 for Early Decision II. Accepted students who are applying for need-based financial aid and have submitted the PROFILE will be contacted by the Financial Aid Office concerning their request by December 10 for Early Decision I or by February 10 for Early Decision II. If accepted under the Early Decision Plan (and provided that financial assistance to fulfill the student's demonstrated need), the applicant is expected to submit the required deposit (as explained under Enrollment Deposit) by December 15 for Early Decision I or by February 15 for Early Decision II. Offers of admission and financial aid to students who do not enroll at the college will be rescinded.

If a decision on the student's application cannot be reached, the student

academic transcripts, using College facilities, being certified for initiation into a fraternity or sorority, or being admitted to graduation.

Students may enroll in courses totaling nineteen credits in each semester. The student desiring to take more than a normal academic load during a semester should consult the section of the catalog on Registration appearing under Academic Regulations. A student who enrolls in more than nineteen credits in a semester must pay the extra hour fee even if the student enrolls in hours from the overload credit.

Freshman students and sophomores are required to live on campus the full academic year.

Once a student moves into a residence hall room, room and board charges for the full semester are due and payable on the student's account. Even if the student moves out of the room during the semester, the full room and board charges for that semester remain due on the student's account. Because of the high demand for College housing, the student who is not withdrawing from Rhodes and is a resident only in the Fall Semester will be fined \$500 if he/she is not moved out of the room by the date after the last final examination of the Fall Semester.

Students living in the residence halls are required to choose either the 15 meals per week dining plan or the 21 meals per week dining plan. Students living in the East Village residence hall also have the option of choosing the 7 meals per week dining plan. There are no exceptions to this policy. Meals may be taken in either the Burro Refectory or with a cash equivalent in the Lion Lair. Students will be given the opportunity to choose the board plan they prefer prior to the start of the school year. Students may change their board option by contacting Rhodes Express prior to the beginning of the new semester. Once the board plan has begun for a semester, no further changes may be made. Non-resident students may also purchase one of the meal plan options by contacting Rhodes Express prior to the beginning of the semester.

All students living in the residence hall must pay the full comprehensive fee, regardless of the number of credit hours taken in the semester.

If at some point it becomes necessary to clear the student account either for collection, the student will be required to pay all collection and administrative fees associated with the collection of the debt.

Financial Aid.

FINANCIAL AID

FINANCIAL AID APPLICATION PROCEDURES FOR CURRENTLY ENROLLED/ RETURNING STUDENTS

Currently enrolled/returning students who wish to continue eligibility for need-based financial aid (and for the Tennessee Education Lottery Scholarships for Tennessee residents) must complete the FAFSA each year. Rhodes encourages students to complete the Renewal FAFSA between February 1 and April 1.

The Department of Education will send renewal notices to students in January of each year, mainly via email. Returning students who are reapplying for financial aid do not need to complete the CSS PROFILE unless the student is asking for reevaluation of aid eligibility based on special financial circumstances; otherwise, the CSS PROFILE is required of first-time financial aid applicants only.

FINANCIAL AID TO MEET NEED

should indicate their interest in the Ministerial Grant on Part I of the Rhodes application for admission or on the Common Application Supplement.

Tennessee Education Lottery Scholarship Program (TELS): The state of Tennessee offers scholarships of up to \$5,500 for Tennessee residents who attend an approved college or university in Tennessee. The FAFSA is the application for the TELS funding and must be completed by state-established deadlines, as

Federal Work-Study Program (FWS): Through the Federal Work-Study Program, part-time employment is offered to students who help them meet their financial need. A student must work for no less than the prevailing minimum wage rate for as many as forty (40) hours per week during the summer and for an average of ten (10) to fifteen (12) hours per week while enrolled as a regular student during the academic year.

Rhodes Work-Study Program: Employment on the campus may be offered through the Rhodes Work-Study Program to students who do not demonstrate financial need. In these cases, employment will be offered only after whose commitments made to students eligible for the FWS Program (described above) are honored. Students in this category (no demonstrated need) who desire employment on campus should complete a Work-Study Application, which is found on the Rhodes Financial Aid website. A student must work for no less than the prevailing minimum wage rate for as many as forty (40) hours per week during the summer and for an average of ten (10) to fifteen (12) hours per week while enrolled as a regular student during the academic year.

WITHDRAWAL FROM RHODES AND RETURN OF FEDERAL TITLE IV STUDENT AID

When a student who has federal Title IV student aid withdraws from the College or does not return from an approved leave of absence, or takes an approved leave of absence for longer than 180 calendar days (including summer), the unearned portion of those funds must be returned to the federal student aid programs. Federal Title IV funds that may have to be returned include the Federal Pell Grant, the Federal Safford Loan, the Federal Parent Loan for Undergraduate Students (PLUS), the Federal Perkins Loan, the Federal Supplemental Educational Opportunity Grant (SEOG) and the Federal Lending Educational Assistance Partnership (funds the TSAA grants). The unearned portion of federal Title IV funds is determined by dividing the number of days in the term that have passed as of the date a 0()en gr-1(d)ra (g)-9(o)-10(p)-1(u)-8(s)-1

who are, do require that an assistance, including competitive fellowships, first apply to demonstrate the demonstrated need when a funding need-based aid.

Fellowships may be renewed for a maximum of three renewals provided the student meets the financial aid satisfactory academic progress standards, the GPA requirements of the fellowship, and the service, internship, research, or other requirements of the fellowship. In addition, the student must maintain full-time student status (at least 12 credits) through the extended drop period of each semester to continue to receive the fellowship. The total amount of Rhodes-funded fellowships and grants may not exceed tuition, fees, room, and board.

Rhodes' competitive fellowships are awarded only to entering students. Returning students not initially offered a competitive fellowship will not be considered for a competitive fellowship at a later time. Returning students who have been awarded a competitive fellowship will not be considered for fellowships of greater value as the progress through Rhodes.

All qualified applicants are automatically considered for Rhodes' competitive fellowships, unless a separate application is required and specified. An application for admission and all supporting documents must be submitted by January 15 for preferential consideration 10(l)-6(i)3(c)-18(a)-8(f)-37(i)1(o)-1(n)-11(n)-6(f)-36bTneaa-1(0-1.05

- Only first-year students

scholarships providing college tuition and educational fees. Awardees also receive a book allowance of \$600 per semester and a stipend ranging from \$350 - \$500 per month from the Army (estimated).

Students awarded an Army ROTC scholarship may receive a Rhodes Grant equaling the cost of on-campus room and board based upon the 21 meal, standard multiple occupancy room rate. The Rhodes Grant will be awarded unless the student has already received a Rhodes College fellowship or grant equal to or greater than the indicated grant amount. Rhodes Grants are renewable for three years as long as the student maintains his/her ROTC Scholarship and meets the satisfactory academic progress standards for financial aid. Information about Army ROTC Scholarships may be obtained by visiting the Army ROTC, The University of Memphis, Memphis, TN 38152, or by calling Army ROTC at (901) 678-2933.

Air Force ROTC Scholarships. Through an agreement between Rhodes and the United States Air Force, Rhodes students may participate fully in the AFROTC program based at the University of Memphis and can compete for AFROTC scholarships. Incoming freshman can compete for four, and certain cases, five year scholarships by applying for an AFROTC College Scholarship (CSP) online at afrotc.com. Applicants must apply no later than 1 Dec of the year prior to entering college as a first-year student. Scholarships awarded through the CSP program include: (1) full-tuition and fees (Type 1); (2) up to \$15,000 per year for room and board (Type 2); and (3) up to \$9,000 per year for room and board (Type 7). Students not selected for a CSP scholarship, if eligible, can compete for a scholarship through the In College Scholarship Program (ICSP) once they are enrolled at Rhodes and in AFROTC. These scholarships include: (1) up to \$3,000 for room and board (Type 6); (2) up to \$9,000 for room and board (Type 3) and the Type 2 scholarship. Students who receive the Type 2 scholarships through CSP or ICSP are eligible to compete to upgrade to 80 percent of tuition and fees. All AFROTC scholarship programs include a \$900 per year book allowance.

Scholarship awardees who receive the Type 1 scholarship are also eligible to receive a Rhodes grant equaling the cost of on-campus room and board based upon the 21 meal, standard multiple occupancy rate. Those students who are awarded the Type 2 scholarship may receive a Rhodes grant equaling 50 percent (50%) of the on-campus cost of room and board based upon the 21 meal, standard multiple occupancy rate. The Rhodes grant will be awarded unless the student has already received a Rhodes College fellowship equal to or greater than the indicated grant amount. Rhodes grants are renewable for up to three years as long as the student maintains his/her ROTC Scholarship and meets the satisfactory academic progress standards for financial aid. Please note that if a Type I recipient chooses to live at home or in a relationship, the amount of the Rhodes grant plus the Air Force Type I scholarship cannot go above Rhodes' cost of attendance for a commuter student living in a relationship. Students on scholarship and/or in the four-year Professional Officer Course (POC), a junior/senior or graduate student, receive a tax-free stipend. The stipend for freshman is \$300 per month. Sophomore is \$350. Students in the POC course receive a stipend of \$450 for the first year and \$500 for the second year. For details regarding the AFROTC program or scholarships contact the University Admissions Officer, Air Force ROTC Detachment at (901) 678-2681 or visit the AFROTC Website at afrotc.memphis.edu.

Memphis Scholars Program. The goal of the Memphis Scholars Program is to strengthen the connection between Rhodes and the Memphis community and to keep the best and brightest Memphians in Memphis. Qualified applicants will be offered admission to the College and awarded a full-tuition scholarship. The scholarship is renewable for three years provided the student maintains a 2.50 grade point average and meets the satisfactory academic progress standards for

financial aid. If the student receives federal or state grants that, when added to the scholarship, equals more than the direct costs of attending Rhodes, the scholarship will be reduced accordingly.

EdScholar Scholarships. Normally, EdScholar Scholarships are awarded annually to first-year students who are Tennessee residents. Selection of scholarship recipients is based on the student's community service/leadership record, academic achievement, and financial need.

APCU Tuition Exchange benefits may be used for one of the following Rhodes study abroad programs: European Studies or Rhodes Exchange. All other study abroad programs are ineligible programs for APCU Tuition Exchange benefits.

Interested students must specify that admission is being sought under the APCU Tuition Exchange Agreement and submit a letter to the Office of Admissions from the

STUDENT LIFE

STUDENT HOUSING

Residency Requirement. Living on campus is a vital part of the college experience and aids the student's adjustment to college. Therefore, all first-time first-year students at Rhodes must live on campus for their first two full academic years. Transfer students must live in College housing until they have completed two full academic years prior to enrollment at other institutions could not avoid fulfilling this requirement. Exchange students must reside in College housing for the duration of their enrollment at Rhodes.

All rising sophomore resident students are expected to participate in the housing lottery process to complete with the residence requirement. In the event that a student does not participate in housing lottery, a space will be selected for the student by the Director of Residence Life. The student will be notified of the room and meal plan assignment in writing.

New

Sigma Iota Rho is a recognized academic excellence and a promotional organization

The Presbyterian Church (USA), Rhodes employs a full-time chaplain and staff who reach out to students of all faiths. The Presbyterian tradition has a long history of encouraging diversity of thought and respect for religious differences, while remaining deeply rooted in the biblical witness and Christian commitment to service. The staff in the Chaplain's office is ready to help all students make connections with campus religious programs, nearby congregations, and with social ministries in Memphis.

Student-led religious organizations of many faiths and denominations are active on campus. Student groups currently include: All Souls (Unitarian), Catholic Student Association, Canterbury (Episcopal), Fellowship of Christian Athletes, Greek Fellowship, Jewish Student Organization (Hillel), Muslim Student Association, Rhodes Christian Fellowship (InterVarsity), and Wesleyan Fellowship. Pastoral care and counseling, retreats and mission trips, social justice ministries, interfaith dialogue, and service leader programs are all part of the college's holistic and inclusive approach to student ministry.

Students considering church-related professions or an faith-based occupation may participate in the preparation for ministry program (pre-ministry), which includes internships in youth ministry, hospital chaplaincy, social services, and short-term missions. Seminaries, theological schools, Peace Corps, Teach for America and global mission recruiters frequently visit the campus.

The Chaplain's office also serves as the campus-wide community service center and central resource for all faith-based services. The chaplaincy sponsors the Kinne Program and an extensive range of volunteer services, a student-operated soup kitchen near downtown Memphis, and the Rhodes chapter of Habitat for Humanity. As part of its multifaceted ministry and peacemaking programs, the chaplaincy supports community partnerships with the M. K. Gandhi Institute for Nonviolence, Muslims in Memphis, the India Cultural Center and Temple, Hillel Foundation for Jewish Campus Life (6(p)-7(h18h)-21d;1(s)-17(in)-5(d)1Ssple, Hilof H()-42(473(C

(a student-operated soup kitchen), Habitat for Humanity, Snowden Adopt-a-Friend tutoring and mentoring program, Te-Me (spring break service trip), ESL tutoring, work at regional medical facilities and Hollisood Springdale community development projects near campus.

Students are invited to drop by the Bonner Center for Faith and Service anytime to talk with Kinne Program leaders, share new ideas, and to learn how to get started serving in the Memphis community.

BONNER RHODES SERVICE SCHOLARSHIP PROGRAM

The Rhodes Vision aims to graduate students with a life-long passion for learning, a compassion for others, and the ability to translate academic skill and personal concern into effective leadership and action. 171McGinnis 1(n)-Sher-1(n)--30(c)-2(o)

instruction. Ensembles are open to students from all academic disciplines. An audition is required, as well as an interview with the ensemble director.

Music students, under the guidance of the music faculty, may participate in the activities of such professional groups as the National Association of Teachers of Singing, the American Choral Directors Association, the American Guild of Organists, Pi Kappa Lambda, and various local organizations such as Opera Memphis and other performing ensembles. Hassell Hall houses practice rooms, studios, faculty offices, a music library and theory laboratory, listening stations, classrooms, and the Tuttle Performance Hall. Additional performance and rehearsal spaces include Hardie Auditorium, the McCallum Ballroom, and the sanctuary of E. E. Green Presbyterian Church.

Large Ensembles. Rhodes Singers is an auditioned choral ensemble that performs SATB music with an emphasis on the smaller unaccompanied choral works. Singers join in the United States each spring, and travel abroad every three years.

Rhodes Women's Chorus is an auditioned ensemble of female singers who perform a variety of musical genres several times each semester, both on and off campus.

Rhodes Master Singers Chorale is an auditioned choral ensemble of Rhodes students, faculty, and community singers. This ensemble performs four concerts each year in various regional churches, presenting larger choral works with orchestral accompaniment.

Rhodes Orchestra is the concert orchestra for the Rhodes Department of Music and the surrounding community. The Orchestra performs classical symphonic orchestral literature and is open to all Rhodes College students, staff, faculty, or community member with previous experience in band or orchestra. The Rhodes Orchestra is a member of the American Symphony League. Rhodes Wind Ensemble performs both as a part of the Rhodes Orchestra and as a separate group performing classic literature for wind ensemble.

Additional small ensembles include the Jazz Band, Jazz Combo, Pop/Rock Ensemble, Guitar Ensemble, Flute Choir, and a variety of chamber ensembles.

THEATRE ACTIVITIES

The performance studies program at McCoy Theatre provides numerous opportunities for students in all elements. Students participate in a variety of activities in the

of issues, and as an educational setting in which students learn proper journalistic practice. No publications of these organizations are retained by College administrators prior to distribution or withheld from distribution. The College assumes no liability for the content of an official student publication and urges all student journalists to recognize that editorial control comes responsibility, including the responsibility to follow professional journalism standards.

BLACK STUDENT ASSOCIATION

The Black Student Association (BSA) operates to promote unity within the African-American community, and to create harmonious relationships among people of different cultures and backgrounds. In its effort to fulfill this purpose, BSA sponsors and co-sponsors a variety of African-American cultural events at Rhodes, and participates in numerous campus events. BSA is an organization for anyone who aspires to help with its ideas of promoting activities of the Black community while promoting diversity among people of all cultures and backgrounds. Membership is open to all students at Rhodes.

OTHER ORGANIZATIONS

Participation in co-curricular organizations provides students the opportunities to explore new interests, develop skills, enhance an academic program, and become involved in campus and community leadership and service. There are currently over 80 campus organizations that offer religious, political, service, cultural, academic, social, recreational, governmental, and athletic involvement.

ATHLETICS

The Department of Athletics administers interscholastic sports, intramurals, club sports, and fitness and recreational programs.

Intercollegiate Sports: Rhodes (616) 540-1070 (11285) (1595) (036714) 254 (115) (1)

semesters of Physical Education are required for graduation. Emphasis in the courses is placed upon the individual student's growth in competence and appreciation for the particular sport or activity. The majority of the courses are in areas that can be continued on an individual basis after graduation.

Facilities include the Bran Campus Life Center, Fargason Football Field, Alburk Swimming Complex, Szauffer Baseball Field, Duna and Tennis Center (ten lighted tennis courts), a polycarbonate 8-lane track, a varsity soccer field, and numerous practice and recreational fields.

STUDENT SERVICES

CAREER SERVICES

The staff of Career Services assists students in making career plans and achieving professional goals. Comprehensive services are available to assist students in self-assessment, career exploration and major, and career decision-making. Featured services include the CareerQuest Program, Career Tracks, seminar series for sophomores, juniors and seniors, an academic internship program, a career library, and job postings from around the world.

STUDENT CONDUCT AND CAMPUS REGULATIONS

The College expects all students to conduct themselves as responsible citizens of an academic community. Persistent or extreme departures from this standard will lead to restrictions and may result in suspension or expulsion. Rhodes reserves the right to exclude any time persons whose conduct is undesirable. In such cases, no refunds of tuition, fees, or room and board will be made, and the College, its students, faculty, administrators and judicial committees and officers shall not be under any liability.

The administration of rules pertaining to student behavior is chiefly the responsibility of the Honor Council, the Social Regulations Council, the Dean of Students, designees of the Dean of Students, and the Director of Student Conduct.

This section of the College Catalogue, which summarizes regulations especially applicable to students, is intended only to provide a broad overview. The Student Handbook, available on the College's website, contains all policies pertaining to students.

THE HONOR COUNCIL AND SOCIAL REGULATIONS COUNCIL

The students of Rhodes assume responsibility for the honorable conduct of campus life. They elect an Honor Council and a Social Regulations Council. Each Council is composed of elected representatives from each of the four classes. The Councils investigate alleged infractions of the Honor Code and Social Regulations Code, and enforce regulations with sanctions up to and including expulsion. The decision may be appealed to a specially designated appeals committee. This committee may, at its discretion, remand the case to the Council for reconsideration, and if so, the second decision is the final decision to be rendered by the Council in the case. The Councils also serve as liaison between students and faculty/administration, and the educate students about honor and integrity. Entering student is expected at the time of matriculation to sign a pledge promising to uphold the District Statutes, the Honor Code, and the Social Regulations Code.

INVOLUNTARY WITHDRAWAL OR REMOVAL FROM CAMPUS

The College occasionally faces the problem of students who pose a threat to themselves or others, who are unable to cope, or who create a pattern of extreme disruption. If such behavior constitutes a violation of College rules and regulations, the case will be referred to the Dean of Students or the Dean's designee for action.

If the student's behavior involves such violation, if the student does not respond to the charges against him or her, or if the student did not know the nature or quality of the conduct in question at the time of occurrence, the Dean of Students will investigate the situation and the effect or the potential effect of the behavior on the student and the College community. The Dean may require a personal interview with the student and/or an evaluation of the student by a qualified professional. The Dean may require an interim removal of the student from campus pending resolution of the investigation.

If, as a result of this investigation, the Dean of Students determines that the student's behavior indicates substantial risk of threat to self or others, or that the individual is otherwise unable to fulfill the expectations of a student at Rhodes, the pursuit of professional care or a withdrawal from the College may be recommended. The student will be provided with the option of voluntarily withdrawing from the

College for the remainder of the term. If the student refuses to do so, the Dean of Students will consult with other College staff members as deemed appropriate. The Dean will recommend to the Dean of Students a course of action, which may include removal of the student from the College in conditions for readmission. If the student is hospitalized, he or she may be referred to an appropriate facility for additional assistance. The parents will be notified as soon as possible and must assume responsibility for the student's care.

Students who leave campus under the above conditions, either voluntarily or involuntarily, may be readmitted to the College only after being cleared by the Dean of Students and, when appropriate, the Committee on Standards and Standings. Permission for readmission will specifically be based on the student's demonstrating a period of responsible behavior outside the College and may require a statement from a physician, psychologist, or other qualified professional that the student is ready to return and cope with college life. Follow-up assessment or session 6(5)-1 [2(s)4-14(e)ma

assistance in the enforcement is needed. An awareness of the positive and negative effects of alcohol consumption may assist in efforts to make safe and responsible choices about alcohol. Educational programs are organized and conducted annually to promote continued awareness and encourage an attitude of genuine concern and care for others.

STATEMENT ON DRUG USE

The possession, use, sale or distribution of illegal drugs, the misuse or abuse of medications or other legal drugs on the Rhodes campus is prohibited. Such conduct:

- Violates the law
- Violates one's physical and mental health; and,
- Violates the fabric of the community with serious security risks

is a student at the College. This policy does not apply in such circumstances. The

THE EDUCATIONAL PROGRAM

Rhodes curriculum focuses in some degree upon such problems and questions, whether directly as in moral philosophy, epic poetry, and political thought, or indirectly as in studies of the history of medieval Europe, economic theory, and the physical structure of the universe. This requirement is to be satisfied in three courses, either the Search sequence or the Life sequence.

2. **Develop excellence in written communication.** The ability to express concise and methodical arguments in clear and precise prose is essential to success in most courses at Rhodes and in most of the occasions Rhodes graduates pursue. This requirement will be satisfied by one writing seminar (taken in the first year) and two writing intensive courses, one of which will be in Search or Life.
3. **Understand how historical forces have shaped human cultures.** In exploring the responses of individuals and societies to forces of change helps us understand the processes of transformation that affect all human cultures. It also provides new perspectives on the present.
4. **Read and interpret literary texts.** Literary texts provide challenging and influential representations of human experience in its individual, social, and cultural dimensions. Critical and sensitive reading of significant works refines analytical skills and develops an awareness of the power of language.
5. **Participate in the analysis of artistic expression or in the performance or production of art.** Humans profoundly express their observations, questions, and emotions in artistic ways. These expressions take a wide array, visual, and literary forms including art, theater, music, and film. Creation and analysis are the most effective method of learning to understand and interpret art.
6. **Gain facility with mathematical reasoning and expression.** Some human experiences are most effectively expressed in mathematical language, and important areas of intellectual inquiry rely on mathematics as a tool of analysis and as a means of conveying information.
7. **Explore and understand scientific approaches to the natural world.** Our world is profoundly influenced by a scientific understanding of the physical realm of our existence. From everyday matters to major questions of public policy, scientific understanding has a personal and social responsibility to make informed decisions in our science. The ability to make such decisions hinges not simply on knowledge of scientific facts, but also on understanding the powerful methods by which this knowledge is obtained. The courses that satisfy this requirement must include a laboratory.
8. **Explore and understand the systematic analysis of human interaction and contemporary institutions.** Human development, thought, and aspiration occur within societies, and those societies are shaped by various social and political institutions. Familiarity with the systematic analysis of contemporary institutions is an important component of a sound understanding of the world and is a foundation for responsible citizenship.
9. **View the world from more than one cultural perspective.** In order to live and work effectively in a culturally diverse world, liberal educationed individuals cultivate the ability to identify and understand issues and events from cultural perspectives that differ from their own. This ability requires in-depth analysis of issues that bring to the forefront similarities and differences in cultural values, beliefs, world views and/or identities.
10. **Develop intermediate proficiency in a second language.** The study of a second language opens the possibility of engagement with people and ways of other cultures. This requirement may be met either by passing a proficiency test or by taking the appropriate language courses through the third semester.

11. Participate in activities that broaden connections between the classroom and the world.

affected by a transition of both the degree requirements and the total number of credits required for the degree.

THE GENERAL DEGREE REQUIREMENTS

It is possible according to policy for an student who enrolled prior to the 2007-2008 academic year to select to fulfill the requirements for a degree using the Foundation Requirements or the division-based general degree requirements. Therefore, degree plans for such students should take into consideration the full implementation of Foundation courses in 2007-2008, the availability of courses that meet either the Foundations Requirements or the General Degree Requirements as well as the transition credit hours requirements as stated in this Catalogue. Therefore, the following degree requirement descriptions do not apply to those students enrolling in the Fall of 2007 or later.

WRITING AND LANGUAGE REQUIREMENTS

English 151, First Year Writing Seminar must be taken in the first year by all students unless the requirement is waived by the English department. In addition, proficiency in a foreign language at the level of third semester (201) courses must be demonstrated by passing an appropriate three or four credit language course at or above that level, by passing the Rhodes language placement test; at a satisfactory level, or by scoring 3 or higher on that language's Advanced Placement Examination. The foreign language requirement is waived for those students for whom English is the second language.

Declaration of a Major. Students must declare an intended major or majors no later than the middle of the spring semester of their sophomore year. Students in good standing will be accepted as majors by an department; the major choose by students first; discuss their suitability for work in the department; with the department's chairperson. At the same time the prospective major should make a tentative plan of course work to be completed in the student's remaining semesters. A faculty adviser from the major department is assigned or selected by each new major to aid in this planning. Forms for declaring a major are available in the Office of the Registrar. Students declaring a major will have an adviser in each major department, but one adviser will be designated as the primary adviser. Students who are delinquent in filing a declaration of major will not be allowed to register for classes until the appropriate form is received by the Registrar. While students may change majors, changes made after the sophomore year may be difficult to accommodate in the remaining semesters.

Interdisciplinary Major. Some students prefer to study in an area that can best be covered by combining the work in two or even three academic departments. Interdisciplinary majors are important areas in which the faculty can meet the special academic needs of these students.

The section listing titled Interdisciplinary Study summarizes existing interdisciplinary major requirements for pre-approved curriculum studies. Students who wish to declare an of the established interdisciplinary majors may do so by filing the normal Declaration of Major Form with the Office of the Registrar. An application from the program of study outlined in the description must be approved by the chairpersons of the departments involved.

Students who wish to declare an interdisciplinary major that does not have a program of study already defined should follow the appropriate steps in order to secure the necessary approvals within a reasonable time and to ensure an adequate review of the proposed program of study. Those steps are detailed in the Interdisciplinary Studies section of this catalog. The proposed program of study must include specific provisions for a senior seminar or integrating senior experience. The Declaration of Interdisciplinary Major form is used to record the approvals and to advise the Registrar of the College.

INTENT TO GRADUATE FORM

All candidates for degrees must submit to the Registrar an Intent to Graduate form at least two semesters prior to the intended date of graduation.

COMMENCEMENT

Rhodes requires attendance at the May commencement [D]TJEMC [()-30(F)]TJ0(e -11(c)

field of study in another academic area, giving both more depth and breadth to their course work. In addition to departmental minors, interdisciplinary minors are available within the established interdisciplinary programs in the curriculum.

Normally, a student is required to complete at least five specified courses in the department in which the minor is selected. At least four of the courses in the minor must be outside the major department or interdisciplinary major requirements, and the same course cannot be used to satisfy the requirements in two different minors. Forms for declaring a minor are available in the Office of the Registrar and should be completed no later than the beginning of the fall semester of the senior year.

A student must earn a grade point average of 2.000 in the courses required for an academic minor in order for the minor to be posted to the final academic record.

SECOND DEGREE

A student may earn a second Bachelor's degree upon earning at least 32 credits beyond the total credits required for the first degree and completion of all requirements for a second major. A student may not earn two Bachelor of Arts degrees or two Bachelor of Science degrees. A student planning to earn a second degree must declare this intention no later than the beginning of the last semester of enrollment. All academic work for both degrees is included in the cumulative grade point average of the double degree recipient.

A Rhodes graduate who wishes to return to the College to earn a second undergraduate degree must earn an additional 32 credits beyond the number of hours earned for the first degree as well as complete the second major. For a returning student, a second cumulative grade point average will be computed using only the additional hours earned for the second degree.

CHANGES IN DEGREE REQUIREMENTS

A student may satisfy the requirements for a Rhodes degree as described in an catalogue that has been in effect during the student's enrollment. Students readmitted to Rhodes may graduate under requirements in effect during the original period of enrollment or subsequently follow a program incorporating features of the current catalogue, including the number of credits required for graduation, and the earlier degree requirements and approved by the Standards and Standing Committee. Students may not declare a major if it has been dropped from the College's curriculum, however, even if the major was available at the time of enrollment. In addition, degree and/or major requirements may have to be modified in order to fit current curricular offerings.

ACADEMIC ACHIEVEMENT

The candidate for the degree who attains a cumulative average of 3.9500 in all academic work at the College and a grade point average of 3.9500 in all Rhodes work and all accepted transfer credits combined will be recommended for the degree *summa cum laude*.

The candidate for the degree who attains a cumulative average of 3.8500 in all academic work at the College and a grade point average of 3.8500 in all Rhodes work and all accepted transfer credits combined will be recommended for the degree *magna cum laude*.

The candidate for the degree who attains a cumulative average of 3.5000 in all academic work at the College and a grade point average of 3.5000 in all Rhodes work and all accepted transfer credits combined will be recommended for the degree *cum laude*.

If a student with transfer credits is a candidate for academic achievement,

semester must have permission from the Standards and Standing Committee prior to registering at the other institution. Concurrent enrollment credits are included in the calculation of the total credits permitted in one semester but are not included in the determination of full-time status. Course credits earned at another institution during non-approved concurrent enrollment may not be accepted for transfer credits.

It is the responsibility of the student to ensure that an official transcript from the other institution is forwarded to the Registrar at Rhodes. Final evaluation of transfer work must be completed within the 12 weeks of the completion of the course(s) in question. In some departments, a proficiency examination must be passed in order for the transfer credit to be accepted.

Transfer credit may not be used to satisfy a Foundation Requirement. Rhodes students who study abroad in a long-term program that has been pre-approved through the Buckman Center for International Education will normally satisfy the F11 requirement, unless the program has been noted by the Center's Director as particularly unsuitable for this purpose.

In addition, students may, through appropriate course work, satisfy up to two additional Foundation requirements while abroad (or up to three additional Foundation requirements for a year-long program). The Director of the Buckman Center will recommend to the Foundations Curriculum Committee, in consultation with the Faculty Fellow for International Programs, the Registrar, and other faculty members as necessary, the appropriateness of the course(s) taken abroad for Foundation credits. This recommendation will be done in accordance with guidelines as provided by the Foundations Curriculum Committee.

Students pursuing the general degree requirements may use no more than four credits of transfer course work to satisfy the degree requirements in each J-1.201-1.01(m)19(e)21(n)18(-)-1

high school graduation requirements or requirements for admission to Rhodes. Credit for such courses must be requested during the summer prior to enrollment at Rhodes. Students who have not graduated from high school who present such courses for transfer credit are not considered transfer students.

DUAL DEGREE PROGRAMS

There are some students who desire the benefit of an undergraduate education in the liberal arts and sciences prior to pursuing a more technical or specialized degree and career. Such students are able to take advantage of several dual degree programs arranged between Rhodes and other universities.

For those students who are interested in pursuing studies in engineering, Rhodes offers two Dual Degree Programs, one in cooperation with Washington University in St. Louis and the other with a joint program between the University of Memphis and the University of Tennessee. Students outside the science disciplines are also encouraged to combine those studies with engineering.

BACHELOR OF SCIENCE IN ENGINEERING

A student may complete the Rhodes requirements for this Dual Degree Program in three years at an accelerated pace, and then apply to Washington University for admission to the engineering program there. After two years of intensive engineering study, the student receives two degrees, a Bachelor of Science from Rhodes and a Bachelor of Science from Washington University.

The student who pursues a Rhodes degree in the Humanities, Social Sciences, or Fine Arts will generally complete the Rhodes degree in four years applying elective hours to the Dual Degree core requirements. Approximately eighty percent of the students admitted to the Dual Degree Program at Washington have completed their Bachelor's degrees.

To satisfy the graduation requirements at Rhodes and the entrance requirements to Washington University, all students in the Dual Degree Program must do the following:

1. Satisfy all of the Rhodes degree requirements as described earlier in this section of the catalog. Students should note that Washington University has additional requirements for the Humanities and Social Sciences. In particular, at least eight credits must be taken in one department (in either Humanities or Social Sciences, but not necessarily both) and must include one upper level (300-400 level) course.
2. Take the following core courses: Mathematics 121, 122, 223, 251; Chemistry 111, 111L; Physics 111, 111L, 112, 112L; Computer Science 141
3. Complete the following additional requirements depending on the specific course of study to be pursued at Washington University:
 - a. Chemistry /Chemical Engineering: Chemistry 112, 112L, 211, 212, 212L, 311, 312, 312L; Biology 130, 131L
 - c. Physics/Electrical Engineering: Physics 211, 250, 301, 302, 304, 325
 - d. Physics/Mechanical Engineering: Physics 211, 250, 304, 305, 306
 - e. Computer Science/Computer Engineering: Computer Science 142, 241, plus one of CS 330, 335, 355 or 360; Mathematics 201, and either Mathematics 311 or 370
 - f. Mathematics/System Science and Mathematics: Mathematics 201, 261, 311, 370, 465

The coordinator for this program at Rhodes is Professor Ann Viano.

MASTER OF SCIENCE IN BIOMEDICAL ENGINEERING

This program serves students who are interested in completing a master's degree in biomedical engineering (BME). Students who participate in this program will be able to complete both degrees in five years. The typical student in this program takes three years of course work at Rhodes, and then two years of course work and research in the joint program in biomedical engineering at the University of

Memphis / University of Tennessee. Students will receive a paid job in a laboratory once accepted into the program (typically after their sophomore year). All students, after the three year completion of their Rhodes Undergraduate course work, become eligible for graduate assistantships. The typical graduate assistantship includes a full tuition-and-fees scholarship and a monthly salary. Students remain in graduate assistantship status throughout their fourth and fifth years.

Students can apply for this program once they have reached sophomore standing and have completed one semester of course work. Applications consist of an application form, one letter of reference and a copy of the student's transcript. Each applicant will be required to complete an interview with a pre-graduate advisor. In order to remain in the program past the junior year, students must maintain a GPA of at least 3.25.

The following requirements must be met to earn the two degrees:

1. Complete all general degree or Foundation requirements for the Rhodes degree
2. Complete the following core courses: Mathematics 121, 122, 223, 251; Computer Science 141; Chemistry 111, 111L, 112, 112L; Physics 111, 111L, 112, 112L
3. Complete the following additional requirements in addition to the specific major chosen at Rhodes:
 - a. For the Chemistry major: Chemistry 211, 212, 212L, 311, 312, 312L; Physics 304*, 305*.
 - b. For the Physics major: Physics 211, 211L, two approved courses at the 300-level or higher*.
4. Complete the following additional undergraduate requirements at the University of Memphis:
 - a. Mechanics 3322, Mechanics of Materials
 - b. Mechanics 3331, Mechanics of Fluids
 - c. *If Physics 304 has not been taken, then add EECE 2201 (Circuit Analysis I). If Physics 305 has not been taken, then add Mechanics 2332 (Dynamics).

These courses will be transferred to Rhodes. Additional undergraduate credits in mathematics, science, or engineering may be transferred to meet requirements 5 below.

5. Complete the number of credits required for the Rhodes bachelor's degree (from the first three years at Rhodes plus undergraduate courses transferred from UM). Successful completion of requirements 1-5 is necessary to fulfill the requirements for the B.S. degree.
6. Complete the following graduate courses at the University of Memphis and/or The University of Tennessee:
 - a. BIOM 7209 (Measurements and Instrumentation)
 - b. BIOM 7101 (BME Analysis I) BIOM 7004 (Life Science I)
 - c. BIOM 7005 (Life Science II)
 - d. BIOM 7996, minimum 6 credits (MS Thesis)
 - e. One additional graduate mathematics elective course and three additional graduate engineering elective courses. These elective courses are selected in consultation with the graduate advisor.
 - f. Enrollment in the BME seminar/professional development course(s) is also required.
 - g. Students are expected to complete an oral thesis defense.

The course descriptions and details for each course may be found at the University of Memphis, the University of Tennessee, and the Rhodes websites. The coordinator for this program at Rhodes is Professor Ann Viano.

certification and will be given a conditional grade of X (incomplete). In some courses, due to the lesser weight given to the final examination in determining the final grade for the course, a professor may wish to give the grade of F for an excused absence or the grade of X in the event of an excused absence. The professor's policy on this matter is made clear at the beginning of the course so that there is no misunderstanding and so that it is clear that this situation is an exception to the general college policy. Consult the section on Conditional Grades for policies governing E and X grades.

CONDITIONAL GRADES: REEXAMINATIONS AND INCOMPLETES

A student with a grade of E (see Examinations) must notify the Registrar at least one week in advance of the scheduled time that the reexamination will be attempted. If the student passes the reexamination, a grade of D-, D, or D+ will

no quality points and no credits until they are removed. Credits and grade points earned by students who return for additional course work after receiving a degree are not computed in the final degree grade point average. Instead, a new grade point average is computed for all work attempted after receiving a degree.

The major grade point average is computed using the same formula as above. In computing the grade point average in the major department, all courses taken in the major department, not just those courses required for the major, and any required cognate courses in other departments are used.

OPPORTUNITIES FOR INDIVIDUALIZED STUDY

THE HONORS PROGRAM

The Honors program is a culminating experience in the major field, for seniors only. It is the principal means whereby a student may do more independent, intensive, and individual work than can be done in the regular degree programs. The Honors work offers an excellent introduction to graduate study as it employs the full resources of library and laboratory and encourages independent research and study.

All Honors programs include a project of a scholarly and creative nature. This project can be research culminating in a written report or thesis, or it can be a creative project as represented by an original production. An oral presentation of the final project is also expected. A copy of the final report or production is placed in a permanent file or on display in the library.

Students considering Honors normally take a one-credit tutorial in the second semester of the junior year. Emphasis in the tutorial will be selection of a topic,

103. Introductory Anthropology.

Fall, Spring. Credits: 4.

Degree Requirements: Social Science, F9.

Anthropology, in the largest sense of the discipline, is the study of humanity.

254. Archaeological Methods.

Credits: 4.

This class will expose students to a range of archaeological methods used in the field, laboratory and museum to find, record, date, preserve and authenticate physical materials. Basic methods of investigation and research will be discussed through the examination of site survey, excavation and the analysis of artifacts. Students will be introduced to various systems of archaeological classification and analytical techniques for understanding objects such as lithic artifacts, pottery, human skeletal remains, and other historic and prehistoric artifacts. Artifact illustration, photography, cataloguing and curating will also be discussed. Cross-listed as Archaeology 220.

Prerequisites: None.

255 Field Anthropology.

Fall, Spring. Credits: 1-4.

This course allows students to gain credit for participation in off-campus field projects under professional supervision in the fields of archaeological, social anthropological, and physical anthropological research. Students will be required to integrate academic and field work experiences in an oral and/or written report at the end of the field work experience. Maximum of 4 hours credit is possible.

Prerequisites: Permission of instructor.

265 Selected Introductory Topics in Anthropology and Sociology.

Fall, Spring. Credits: 4.

Degree Requirements: Social Science.

Introduction to selected themes and topics in anthropology and sociology. Students may enroll and receive credit for this course more than once as the course themes and topics change.

Prerequisites: Anthropology /Sociology 103 or 105 or permission of instructor.

illness, disease, and medical care. Topics include epidemiology, social demography of health, the relationship between social stress and health, health and illness behavior, the physician-patient relationship, and the organization of health care and medical practice. These topics will be studied by combining classroom lectures, discussion and experiential learning. Students will participate in the ongoing implementation of a community health assessment of residents living in the Holliswood-Springdale area northeast of campus. The health study is part of the Community Outreach Partnership Center (COPC) grant project and is designed to identify barriers that limit access to health care among area residents. I. Concentration in Studio

For those students interested in art as a vocation, for teaching, or for further study in graduate school, a program of studies balanced between studio and art history is preferable. The following courses are required.

A total of fifty-six (56) credit hours as follows:

1. Studio Art: two 100-level courses, 385, 485, 486.
2. Art History : 231, 232, 345.
3. Six additional courses, at least two of which must be at the level of 300 or above in studio. Students may petition the department in writing to count up to two cognate courses towards this requirement.

II. Concentration in Art History

For those students interested in the study of art history in graduate school as a definite goal, this program of study is suggested. The following courses are required

A total of fifty-six (56) credit hours as follows:

1. Studio Art: two 100-level courses.
2. Art History : 231, 232, 485, plus 6 additional courses, two of which will come from ancient studies (Prehistoric through Roman), two of which will come from Medieval through Baroque, and two of which will come from Modern (post 1800).
3. Three additional courses in studio or art history. Students may petition the department in writing to count up to two cognate courses towards this requirement.

German and/or French through the 201-level are strongly recommended for those students planning to pursue graduate work in art history.

REQUIREMENTS FOR A MINOR IN ART

A total of twenty-eight (28) credit hours as follows:

HONORS IN ART

1. In the spring of the junior year, an art major, in consultation with an appropriate member of the art faculty, may file a proposal for honors work in the senior year. The department must approve the proposal.

2. An overall grade of A- on the thesis or project itself is required for honors credit.

COURSE OFFERINGS**Introductory Studio Art.**

Introductory Studio Art students interested in commencing studio work are encouraged to enroll in the introductory studio courses in their first year. These courses are designed for students with no previous background in the designated areas. Special emphasis is given to introducing media, exploring basic techniques, and problem solving. Studio courses require 138 hours of work per term for four credits. A studio fee may be required for studio courses to cover the expense of materials and equipment.

107. Sculpture.

Fall, Spring. Credits: 4.

Degree Requirements: Fine Arts, F5.

Prerequisites: Art major with junior or senior standing; successful completion of all one-hundred level courses in the art department required for the appropriate

the reassessment of these ideals in the Nineteenth and Twentieth Centuries. Students will be exposed to the basic methods of art historical analysis.

265. Topics in Art History.

Fall, Spring. Credits: 4.

Degree Requirements: Fine Arts.

Topics will vary from year to year with the instructor. Course may be repeated as long as topics are different.

318. Greek Art and Architecture.

Fall. Credits: 4.

Degree Requirements: Fine Arts.

A chronological and thematic examination of the visual and material culture of ancient Greece from the Bronze Age (ca. 3rd millennium B.C.E.) to the end of the Hellenistic era (1st century B.C.E.). Special attention will be given to the historical and ideological context of cult buildings, monumental sculpture, and vase paintings as they might have been experienced by Greek viewers. (Course offered in alternate years; scheduled for 2009-2010.)

319. Roman Art and Architecture.

Spring. Credits: 4.

Degree Requirements: Fine Arts.

This course traces the development of Roman art and architecture in its variable contexts with an eye to understanding the cultural and political institutions that created it, from Rome's earliest Etruscan roots in the 8th century BCE to its relocation to Byzantium in Asia Minor in the 4th century CE. (Course offered in alternate years; scheduled for 2009-2010.)

320. Art and Architecture of Ancient Egypt and the Near East.

Spring. Credits: 4.

Degree Requirements: Fine Arts.

A chronological study of the material cultures of ancient Egypt and the Near

Leonardo, Bramante, Raphael, Michelangelo, Titian, and Palladio. (Course offered in alternate years; scheduled for 2009-2010.)

326. Northern Renaissance Art.

Spring. Credits: 4.

Degree Requirements: Fine Arts.

An examination of painting, sculpture, and the graphic arts in the Netherlands, Germany, and France, from 1400 to 1600, with emphasis on the historical and social context. Such themes as the subjects of the arts, art and mysticism, art and the Reformation, the north, and the relationship of Northern European and Italian art and culture will be discussed. Artists include Jan van Eyck, Rogier van der Weyden, Hieronymus Bosch, Albrecht Dürer, and Pieter Bruegel. (Course offered in alternate years; scheduled for 2010-2011.)

328. Baroque Painting from Caravaggio to Rembrandt.

Spring. Credits: 4.

Degree Requirements: Fine Arts.

The course examines European art ca. 1580-1750. Students will be introduced to the major artists, subjects, and stylistic developments during this time period. Additional emphasis will be placed on issues such as patronage, collecting, technique, women artists, and recent discoveries. Artists covered include Caravaggio, Bernini, Guiseppe, Rembrandt, Vermeer, Velasquez, and Rubens. (Course offered in alternate years; scheduled for 2009-2010.)

485. Senior Seminar.

Fall. Credits: 4.

Degree Requirements: Fine Arts.

Arts History Track. Advanced seminar in writing theory, methodology, and historiography. Students will submit a major research paper and conduct an oral presentation. Topics are interdisciplinary. Required of all majors in the arts history track. Prerequisites: Arts 231, 232 and an upper-level arts history course. With the permission of the instructor, Juniors may take the seminar as Arts 357(nar) 01ar522(a)-1225137(n)

3. Biolog 485 or 486.
4. Chemistr 111-111L, 112-112L
5. One course from Math 111, Econ 290, or Psych 211.
6. One course from Math 115, Math 121, or Computer Science 141.

Students, in consultation with their advisers, should select a diversity of upper level courses, thereby gaining experience in different areas of biology. Satisfying the prerequisites for courses is the student's responsibility; however, in special circumstances, students with advance permission of the instructor may enroll in a course without meeting prerequisites.

Courses and accompanying laboratories of the same name are linked co-requisites and must be taken together. Unless otherwise noted, courses meet under the standard class schedule and laboratories meet for a three hour period; laboratories also often require further project work outside the scheduled lab time.

Students seeking a double major must have at least four upper level courses for the Biology major that are not used to satisfy requirements for the other major.

COURSE OFFERINGS

104. Topics In Biology.

Fall or Spring. Credits: 4.

Degree Requirements: Natural Science.

Topics in Biology courses provide an in-depth understanding of a topic in the Biological Sciences. As in other introductory biology courses, each Topics course details fundamental principles and concepts in the discipline but in the context of a specific topic. Topics in Biology may be taken as elective credits by students majoring in Biology provided they have not already taken an upper level Biology course of similar content; however, Topics in Biology will not satisfy upper-level course requirements for the major in Biology.

105. Topics In Biology with Laboratory.

Fall or Spring. Credits: 4.

Degree Requirements: Natural Science, F7.

Similar to Biology 104 but includes a laboratory component.

130, 131. Biology I.

Fall. Credits: 3, 1.

Degree Requirements: Natural Science, F7 (after completing lab and lecture).

An examination of the structure and functions of life at the cellular level. Topics include the organization of prokaryotic and eukaryotic cells, the role of proteins in cell structure and metabolism, membrane structure and function, bioenergetics, interactions between a cell and its environment, and the mechanisms of heredity. Laboratory work provides an introduction to investigative techniques in biology and skills required for the analysis and presentation of scientific findings. Biology 130 and 131 are linked co-requisites.

140, 141. Biology II.

Spring. Credits: 4, 1.

Degree Requirements: Natural Science.

A study of biological principles at the level of organisms and above. This course covers the mechanisms of evolution; plant and animal development, anatomy, and physiology; behavior and ecology. Laboratory stresses the importance of hypothesis testing. Biology 140 and 141 are linked co-requisites.

Prerequisites: Biology 130, 131.

control of tropic responses, plant development, and mineral recycling. Laboratory work will be conducted on both the molecular and whole plant levels.

Prerequisites: Biolog 130, 131 and 140, 141.

253. Coral Reef Ecology.

Spring. Credits: 2.

Half of this course will deal with coral reef ecology primary literature to gain an in-depth understanding of coral reef processes. It will provide a strong foundation for students continuing with Biolog 254. The other half of this course will emphasize biological field techniques, biological classification, and processes dealing with coral reef ecology. By itself, this course does not satisfy an upper level requirement for the Biolog major; when combined with Biolog 254 it satisfies a requirement for an upper level course in laboratory.

Prerequisites: Biolog 130, 131 and 140, 141 and permission of instructor.

254. Coral Reef Ecology.

Summer. Credits: 2.

Degree Requirements: Natural Science, F11.

This intensive 6-week field course explores students to the Mesoamerican Barrier Reef ecosystem. This course will be given at The Institute of Marine Sciences, Roatan, Bay Islands during 6 weeks in May-June.

Prerequisites: Biolog 253.

301, 301L. Microbiology.

Spring. Credits: 4, 1.

The study of microorganisms from all major organizational perspectives (genetics, physiology, phylogeny, ecology, etc.). Principal emphasis will be placed on prokaryotic microorganisms and the importance of their basic metabolic patterns in defining the roles that they play in nature (focusing on the cause of disease). The laboratory emphasizes the development of skills in isolation and characterization of bacteria.

Prerequisites: Biolog 130, 131 and 140, 141.

304, 304L. Genetics.

Fall. Credits: 4, 1.

The study of the transmission of genetic factors in eukaryotic model systems. Principal emphasis will be placed on the analysis of heredity, genes as functional units, and phenotypes resulting from regulated gene expression. Laboratory exercises include experimental genetic screens and their analysis.

Prerequisites: Biolog 130, 131 and 140, 141.

307. Cell Biology.

Fall. Credits: 4.

An advanced treatment of the structure and function of eukaryotic cells. Major emphasis will be placed upon the structure and function of biological membranes and their role in cell nutrition and energy transduction [2(1)35()].

315, 315L. Ecology.

Fall. Credits: 4, 1.

A broad survey of concepts in the science of ecology. This course stresses the biotic and abiotic interactions which determine the distribution and abundance of organisms. The laboratory component consists of both on-campus laboratory work and intensive aquatic field experiences including at least one overnight outing. Students with organismal and environmental interests desiring a field component are encouraged to participate. Day-long weekend fieldtrips at the beginning of the course are required.

Prerequisites: Biolog 130, 131 and 140, 141.

320, 320L. Conservation Biology.

Spring. Credits: 4, 1.

An interdisciplinary examination of the science of conservation of biological diversity; a gene, population, species, and ecosystem levels. Learning the theories and practice of conservation biology and critically evaluating strategies adopted to prevent loss of biodiversity are the main objectives of this course. Laboratories and field work are designed to make the students familiar with research methods and tools used by conservation biologists. (Course offered in alternate years; scheduled for 2009-2010.)

Prerequisites: One course in Biology or permission of instructor.

325, 325L. Molecular Biology.

Spring. Credits: 4, 1.

A survey of the structure and function of genes and the molecular level. Topics include the synthesis of nucleic acids and proteins and the mechanisms of gene expression and control in prokaryotes and eukaryotes. An emphasis will be placed on the design, analysis, and interpretation of classic and contemporary experiments. The laboratory component will teach the student how to conduct and interpret experiments in molecular biology including isolation of DNA, gel electrophoresis, recombinant DNA cloning, and DNA sequencing within the context of specific projects.

Prerequisites: Biolog 130, 131; Chemistry 111, 111L.

330. Virology/Immunology.

Fall. Credits: 4.

Approximately one quarter of the course is devoted to Virology, including the

experiments will include the careful and humane use of live vertebrates as research models. Laboratories are scheduled for 4 hours each week. This course satisfies an upper level course with laboratory requirement for the major.

Prerequisites: Biology 130, 131 and 140, 141.

350, 350P. Comparative Vertebrate Morphology.

Fall. Credits: 4, 1.

A comparative approach to the study of vertebrate anatomy, emphasizing evolution, development, and functional significance. This course focuses on the morphological patterns shared by vertebrates. Laboratories will include dissection

research. Some class sessions may be held at St. Jude Children's Research Hospital; students are responsible for transportation.

Prerequisites: Biology 130, 131 and 140, 141.

451-452. Research in Biology.

CHEMISTRY

PROFESSORS
David Y. Jeter.

111L. General Chemistry I Laboratory.

Fall. Credits: 1.

An experimental introduction to the physical and chemical properties of matter. One laboratory period a week.

Corequisite: Chemistry 111**112. General Chemistry II.**

Spring. Credits: 3.

Degree Requirements: F7.

A continuation of Chemistry 111. Topics to be covered include states of matter, solutions, elemental kinetics and equilibria, acids and bases, oxidation-reduction and electrochemistry, and thermochemistry.

Prerequisites: Chemistry 111-111L.**Corequisite:** Chemistry 112L.**112L. General Chemistry II Laboratory.**

Spring. Credits: 1.

An experimental introduction to the volumetric techniques of chemical analysis. One laboratory period a week.

Prerequisites: Chemistry 111L.**Corequisite:** Chemistry 112.**211. Organic Chemistry I.**

Fall, Spring. Credits: 4.

Degree Requirements: Natural Science.

A general survey of elemental theory, preparation, reactions, and properties of the compounds of carbon, both aliphatic and aromatic, containing the most important functional groups.

Prerequisites: Chemistry 112-112L.**212. Organic Chemistry II.**

Fall, Spring. Credits: 4.

Degree Requirements: Natural Science.

A continuation of Organic Chemistry I. Topics to be covered including various instrumental methods to determine molecular structures of organic compounds; reactions and preparations of carbon compounds, amines and aromatics; discussions on carbohydrates, proteins, nucleic acids, lipids and other natural products and biological substances.

Prerequisites: Chemistry 211 (192)(193)(194)(195)(196)(197)(198)(199)(200)(201)(202)(203)(204)(205)(206)(207)(208)(209)(210)(211)(212)(213)(214)(215)(216)(217)(218)(219)(220)(221)(222)(223)(224)(225)(226)(227)(228)(229)(230)(231)(232)(233)(234)(235)(236)(237)(238)(239)(240)(241)(242)(243)(244)(245)(246)(247)(248)(249)(250)(251)(252)(253)(254)(255)(256)(257)(258)(259)(260)(261)(262)(263)(264)(265)(266)(267)(268)(269)(270)(271)(272)(273)(274)(275)(276)(277)(278)(279)(280)(281)(282)(283)(284)(285)(286)(287)(288)(289)(290)(291)(292)(293)(294)(295)(296)(297)(298)(299)(300)(301)(302)(303)(304)(305)(306)(307)(308)(309)(310)(311)(312)(313)(314)(315)(316)(317)(318)(319)(320)(321)(322)(323)(324)(325)(326)(327)(328)(329)(330)(331)(332)(333)(334)(335)(336)(337)(338)(339)(340)(341)(342)(343)(344)(345)(346)(347)(348)(349)(350)(351)(352)(353)(354)(355)(356)(357)(358)(359)(360)(361)(362)(363)(364)(365)(366)(367)(368)(369)(370)(371)(372)(373)(374)(375)(376)(377)(378)(379)(380)(381)(382)(383)(384)(385)(386)(387)(388)(389)(390)(391)(392)(393)(394)(395)(396)(397)(398)(399)(400)(401)(402)(403)(404)(405)(406)(407)(408)(409)(410)(411)(412)(413)(414)(415)(416)(417)(418)(419)(420)(421)(422)(423)(424)(425)(426)(427)(428)(429)(430)(431)(432)(433)(434)(435)(436)(437)(438)(439)(440)(441)(442)(443)(444)(445)(446)(447)(448)(449)(450)(451)(452)(453)(454)(455)(456)(457)(458)(459)(460)(461)(462)(463)(464)(465)(466)(467)(468)(469)(470)(471)(472)(473)(474)(475)(476)(477)(478)(479)(480)(481)(482)(483)(484)(485)(486)(487)(488)(489)(490)(491)(492)(493)(494)(495)(496)(497)(498)(499)(500)(501)(502)(503)(504)(505)(506)(507)(508)(509)(510)(511)(512)(513)(514)(515)(516)(517)(518)(519)(520)(521)(522)(523)(524)(525)(526)(527)(528)(529)(530)(531)(532)(533)(534)(535)(536)(537)(538)(539)(540)(541)(542)(543)(544)(545)(546)(547)(548)(549)(550)(551)(552)(553)(554)(555)(556)(557)(558)(559)(560)(561)(562)(563)(564)(565)(566)(567)(568)(569)(570)(571)(572)(573)(574)(575)(576)(577)(578)(579)(580)(581)(582)(583)(584)(585)(586)(587)(588)(589)(590)(591)(592)(593)(594)(595)(596)(597)(598)(599)(600)(601)(602)(603)(604)(605)(606)(607)(608)(609)(610)(611)(612)(613)(614)(615)(616)(617)(618)(619)(620)(621)(622)(623)(624)(625)(626)(627)(628)(629)(630)(631)(632)(633)(634)(635)(636)(637)(638)(639)(640)(641)(642)(643)(644)(645)(646)(647)(648)(649)(650)(651)(652)(653)(654)(655)(656)(657)(658)(659)(660)(661)(662)(663)(664)(665)(666)(667)(668)(669)(670)(671)(672)(673)(674)(675)(676)(677)(678)(679)(680)(681)(682)(683)(684)(685)(686)(687)(688)(689)(690)(691)(692)(693)(694)(695)(696)(697)(698)(699)(700)(701)(702)(703)(704)(705)(706)(707)(708)(709)(710)(711)(712)(713)(714)(715)(716)(717)(718)(719)(720)(721)(722)(723)(724)(725)(726)(727)(728)(729)(730)(731)(732)(733)(734)(735)(736)(737)(738)(739)(740)(741)(742)(743)(744)(745)(746)(747)(748)(749)(750)(751)(752)(753)(754)(755)(756)(757)(758)(759)(760)(761)(762)(763)(764)(765)(766)(767)(768)(769)(770)(771)(772)(773)(774)(775)(776)(777)(778)(779)(780)(781)(782)(783)(784)(785)(786)(787)(788)(789)(790)(791)(792)(793)(794)(795)(796)(797)(798)(799)(800)(801)(802)(803)(804)(805)(806)(807)(808)(809)(810)(811)(812)(813)(814)(815)(816)(817)(818)(819)(820)(821)(822)(823)(824)(825)(826)(827)(828)(829)(830)(831)(832)(833)(834)(835)(836)(837)(838)(839)(840)(841)(842)(843)(844)(845)(846)(847)(848)(849)(850)(851)(852)(853)(854)(855)(856)(857)(858)(859)(860)(861)(862)(863)(864)(865)(866)(867)(868)(869)(870)(871)(872)(873)(874)(875)(876)(877)(878)(879)(880)(881)(882)(883)(884)(885)(886)(887)(888)(889)(890)(891)(892)(893)(894)(895)(896)(897)(898)(899)(900)(901)(902)(903)(904)(905)(906)(907)(908)(909)(910)(911)(912)(913)(914)(915)(916)(917)(918)(919)(920)(921)(922)(923)(924)(925)(926)(927)(928)(929)(930)(931)(932)(933)(934)(935)(936)(937)(938)(939)(940)(941)(942)(943)(944)(945)(946)(947)(948)(949)(950)(951)(952)(953)(954)(955)(956)(957)(958)(959)(960)(961)(962)(963)(964)(965)(966)(967)(968)(969)(970)(971)(972)(973)(974)(975)(976)(977)(978)(979)(980)(981)(982)(983)(984)(985)(986)(987)(988)(989)(990)(991)(992)(993)(994)(995)(996)(997)(998)(999)(1000)

REQUIREMENTS FOR A MAJOR IN ECONOMICS

A total of forty-eight (48) credits as follows:

1. Economics 101-102, 290, 302, 307, 420, 486.
2. Four courses from Economics 205, 210, 265, 312, 323, 331, 339, 407 with a

265. Topics in Business.

Fall, Spring. Credits: 1-4.

Content of the course varies with instructor. The course may be repeated for credit as long as topics covered are different.

351. Corporate Financial Management.

Fall, Spring. Credits: 4.

The main objectives of the financial manager are to plan for, acquire, and use funds in an efficient manner in order to maximize the value of the firm. This course introduces the discounted cash flow model, modern portfolio theory, the capital asset pricing model, and the static theory of capital structure. Major topics covered include de

are designed to complement learning goals and career plans by allowing the student to apply theoretical principles learned in the traditional classroom. Placements are arranged by the Director of Career Services and work schedules are arranged by the

for managing personnel functions. A computer/library project that focuses on the relationship between work attitudes and work behavior is required.

Prerequisites: Business 361 and Economics 290 (or Psychology 211).

472. Cases in Market Strategy and Value Analysis.

Credits: 4

485. Cases in Asset Valuation and Business Strategy.

Spring. Credits: 8.

The purpose of the course is to gain insight into how financial and strategic decisions are interrelated and how careful analyses should lead to maximizing shareholders' wealth and creating sustainable competitive advantages. Cases are used to move beyond mere description and analysis, and toward normative thinking and decision-making, as well as growth judgment. There will be a consistent focus on valuation modeling and economic analysis as a foundation for corporate financial decision-making. Students will acquire proficiency in analytical techniques to make financial and strategic decisions and will develop skills of working together in groups to attain a common goal. There will also be an emphasis on writing in a logical and persuasive manner and on presenting recommendations orally along with PowerPoint slides created by the students. Open to juniors; open to seniors with permission of instructor.

Business 485 (8 credits) will fulfill both Business 452 and 472, therefore they are listed as requirements for a major.

Prerequisites: Business 351 and 371.

486. Senior Seminar in Business.

Spring. Credits: 4.

EDUCATION

ried to account for the rise of the novel during this period in history. Readings may include works by Defoe, Richardson, Fielding, Smollett, Burne, Radcliffe, and Austen.

Prerequisites: An 200-level literature course or permission of instructor.

350. Romantic Poetry and Prose.

Fall. Credits: 4.

Degree Requirements: Humanities.

A course in British poetry, drama, fiction and non-fiction prose between 1780s and 1830s. Particular prominence will be given to historical and cultural changes in the period--movements of revolution and reaction--and the emergence or redefinition of aesthetic concepts. Writers include Barbauld, Godwin, Wollstonecraft, Smith, Wordsworth, Coleridge, Byron, Shelley, Keats, and De Quincey.

Prerequisites: An 200-level literature course or permission of instructor.

rising seniors will select preferred topics. For further information, see the English Department Chair. Enrollment by permission only.

INTRODUCTORY AND ADVANCED FILM COURSES

202. Introduction to Cinema.

Fall. Credits: 4

Degree Requirements: Humanities.

This course introduces students to the critical tools involved in the analysis of moving-image media such as film, video, and television. Students will compose essays that demonstrate a historically informed grasp of cinema's formal techniques and how these produce meaning for spectators.

Prerequisites: 9(e) 1.226.

382. Film Theory.

Spring. Credits: 4.

Degree Requirements: Humanities.

The study of appropriate films in connection with a selection of theoretical texts; elaborate the problem of meaning in film. Films and readings will be roughly chronological. Requirements include mandatory attendance at film screenings, to occur outside of scheduled class hours.

Prerequisites: An 200-level film class or permission of instructor.

SPECIAL COURSES

315. The English Language.

Spring. Credits: 4.

A survey of the historical development of English from the Anglo-Saxon period to the present, including a consideration of the concept of language, the Indo-European system, lexicography, and issues of American English. (Course offered in alternate years.)

399. Tutorial for Honors Candidates.

Spring. Credits: 1.

Junior English majors wishing to read for honors are required to enroll in a preparatory tutorial in the spring semester. Although required for honors, enrollment

460. Internship in Geology.

Fall, Spring. Credits: 4.

A program designed to introduce students to the practical applications of their academic studies. Students may work with professionals in such agencies as the U. S. Geological Survey, USGS Water Resources Division, and the Center for Earthquake Research and Information (CERI). A written and oral presentation is required at the end of the internship integrating the student's academic work and the internship project.

COURSE OFFERINGS

105. Introductory Seminars in History.

Fall, Spring. Credits: 4.

Degree Requirements: Humanities, F2, F3.

This rising intensity course, intended for first and second (s)-90(s)-142 students only, provides an introduction to themes and topics from a variety of historical perspectives. Possible topics include: Disease and Epidemics, Memphis and the American South, British Empire and its Enemies, and Who Hitler? May not be repeated for credit. Not open to juniors and seniors.

212. Medieval Europe.

Fall. Credits: 4.

Degree Requirements: Humanities, F3.

This course examines the transition from the world of late antiquity to that of the European Middle Ages, from the collapse of the Roman Empire through the fourteenth century. Lectures will focus on the medieval blend of Roman tradition, Christianity, and Germanic custom. Topics will include patterns of migration, the Christianization of Europe, the development of social and political institutions, the conflicts between church and state, the urban revival of the eleventh century, and the intellectual renaissance of the twelfth century, culminating in the famine, plague, and chaos of the fourteenth century. (Course offered in alternate years, scheduled for 2009-2010.)

213. Renaissance and Reformation Europe.

Spring. Credits: 4.

Degree Requirements: Humanities, F3.

This course begins by examining the changes, as well as the medieval counterparts, that brought about the period known as the Renaissance, as well as the 1517-1852 period.

in the nineteenth century, including U.S. relations with Native North Americans, antebellum reform, the Civil War, Reconstruction, and industrialization/urbanization. Major themes may include the rise and decline of sectionalism and transformations in gender and race relations, as well as questions of individualism and community, liberty and order.

233. The United States in the Twentieth Century.

Fall, Spring. Credits: 4.

Degree Requirements: Humanities, F3.

This course investigates major social, political, cultural, and economic changes in the twentieth century, from Progressivism through the end of the Cold War. Major themes may include the effects of world war and economic depression on society, the United States' changing role in the global community, the rise and fall of American liberalism, the Vietnam War as watershed, and the permanent(h)-6(e)

the Reagan revolution and its impact on the current state of conservative politics in the United States and suggests directions for conservatism in the 21st century. (Course offered every third year, scheduled for 2010-2011.)

256. Liberalism in the United States.

Spring. Credits: 4.

Degree Requirements: Humanities, F3.

How did liberalism, one of the dominant ideologies of the 20th-century America, get transformed into the Liberalism in current political debates? Did Ronald Reagan bring liberalism or might Bill Clinton have played a part in its decline? This course will examine the origins of modern liberalism in the Progressive Era, its rise and expansion during the New Deal, its ideological dominance through the fifties and sixties, and its eventual decline at the end of the century. This course will give students the opportunity to understand the rise and fall of American liberalism, and to suggest possible directions for American liberals in the future. (Course offered every third year, scheduled for 2010-2011.)

258. U.S. Foreign Affairs.

Fall. Credits: 4.

Degree Requirements: Humanities, F3.

This course will survey the United States' relationship with the world from 1890 to the present and will approach historical issues from a variety of perspectives: economic, political, social, and cultural. The class will examine the United States and the world through World War II, the Cold War and how it played out in different areas in the world, as well as in America; and post-Cold War issues in American foreign affairs. (Course offered in alternate years, scheduled for 2010-2011.)

261. Colonial Latin America.

Fall. Credits: 4.

Degree Requirements: Humanities, F3, F9.

This course surveys the history of Latin America in the period before the Revolutions of Independence (before 1810). After studying the Native American (principally Aztec, Inca, Chibcha and Maya) and European (Spanish and Portuguese) civilizations that shaped the formation of colonial Latin American history, the conquest, the institutions and the social history / movements during this historical period will be addressed in a thematic fashion.

262. Contemporary Latin America.

Spring. Credits: 4.

Degree Requirements: Humanities, F3, F9.

This course surveys the history of Modern Latin America from the period of Independence (1810-1824) to the present, addressing the economic and social development of the Latin American region. Certain themes, such as religion, poverty, violence and foreign intervention will be covered in depth. Feature films, recent literature and oral history testimonies will serve as tools for understanding contemporary Latin America.

Degree Requirements: Humanities, F3.

For millennia the Chinese viewed their emperor as the Son of Heaven and their empire as the center of the world. Following Columbus and the Age of

will be introduced to historiography, the use of primary sources, and ethical issues in writing history. Course will culminate in a research paper. An oral presentation may be required of all students. Should be taken before enrolling in 400-level seminars.

300-level courses focus on particular themes and topics and devote more attention to historiography and writing than do 200-level courses. All 300-level courses have the prerequisite of any History course at the 100 or 200 level or permission of the instructor unless otherwise noted.

305. Selected Advanced Topics in History.

Fall, Spring. Credits: 4.

Degree Requirements: Humanities.

Advanced study of selected periods and topics in history. Varies in instructor. May be repeated for credit when topics are different. Not offered every year. Potential topics include *Imagining Asia: Western Perceptions of the East*, and *The Power of the Poor in Latin America*.

341. Native America and American History.

Spring. Credits: 4.

Degree Requirements: Humanities.

This course explores the history of selected Native American cultures and intertribal relations as well as relations in Euro-American colonies in North America. The evolution of United States Indian policy, as well as the shifts in Native American strategies of survival form the chronological framework of the course. Recent scholarship, combined with Native American oral history, autobiography, fiction, and film will shed light on issues of sovereignty, conquest, resistance, assimilation, and the evolution of cultural identities. (Course not offered in 2009-2010.)

342. Slavery in the United States.

Fall. Credits: 4.

Degree Requirements: Humanities.

The purpose of this course is to attain a fundamental knowledge of one of the most complex and controversial experiences in United States history. This course will examine various social, economic, and political factors in an attempt to explain how slavery developed as it did. Also, because slavery remained in the United States over such a long period (approximately 240 years), we will discuss how it changed over time. (Course offered in alternate years, scheduled for 2010-2011.)

349. Black and White Women in the History of the American South.

Spring. Credits: 4.

Degree Requirements: Humanities.

Using a variety of genres including autobiography, demographics, fiction, court records, film, and women's history, students will explore the many public and private roles that Southern women have filled from colonial days to the present. Emphasis will be placed on the discontinuity of Southern society and its complex cultural diversity. (Course offered in alternate years, scheduled for 2010-2011.)

351. United States Constitutional History to 1865.

Fall or Spring, Credits: 4.

Degree Requirements: Humanities.

This course examines American constitutionalism from the colonial era through the Civil War. Topics include American revolutionary ideology, the Constitutional Convention, the early nineteenth-century Supreme Court's exercise of judicial review, and the new republic's attempts to deal with such issues as federalism, the separation of powers, the government's role in an expanding economy, and the fate of slavery in new territories. In contrast to a constitutional law course, this class is more concerned with how American constitutionalism both shaped and responded to larger political and social developments, and less concerned with the evolution of constitutional doctrine in and of itself. (Course offered in alternate years, scheduled for 2010-2011.)

352. United States Constitutional History since 1865.

150. Themes in Asian Studies.

Fall or Spring. Credits: 4.

This introductory course examines the historical and cultural experiences of various peoples of Asia through a thematic approach. The course takes a comparative approach to a particular topic that reflects important forces that have had an impact throughout Asia. By examining a broad theme that has had resonance throughout Asia, the student will develop an appreciation for the complexity and diversity of Asian cultures while at the same time exploring common forces that have shaped those cultures. Such themes could include the development of Buddhism in Asia, comparative approaches to Asian theater, and the history of Asian societies' experiences with Western political and economic expansionism.

SELF-DESIGNED INTERDISCIPLINARY MAJORS

Some students prefer to study in an area that can best be covered by combining the work in two or three academic departments. Interdisciplinary majors are important areas in which the faculty can meet the special academic needs of these students.

Students who wish to declare an interdisciplinary major that does not have a program of study already defined should follow the steps below in order to secure the necessary approvals within a reasonable time and to ensure an adequate review of the proposed program of study. The proposed program of study must include specific provisions for a senior seminar or integrating senior experience. The Declaration

In the first two courses of the Life: Then and Now program, the student is introduced to the major methodological approaches to the study of religion represented in the Life curriculum. The student selects the last course from a range of courses that apply these specific methodological approaches to different aspects of religion. Fuller course descriptions may be found in the departmental listings.

222. Geographic Information Systems (GIS).

Spring. Credits: 1.

Geographic information systems (GIS) technology is a tool used for scientific in-vestigations, resource management and development planning. GIS technology is a collection of digital maps, associated digital data, and software tools that can answer spatially posed questions. This course will introduce students to GIS technology, GIS software and the application of GIS in a variety of natural and social science disciplines, including anthropology, biology, economics and business, geology, political science, international studies, and urban studies.

485, 486. Interdisciplinary Senior Seminar.

Fall, Spring. Credits: 4.

This course is intended for the student who is pursuing an interdisciplinary, self-designed major. In the event that the student is unable to fulfill the senior seminar experiences of the departments included in the major or to take each of the departments' senior seminars, the Interdisciplinary Senior Seminar will be utilized to serve as the culminating experience for the major. It is intended to be an experience that will show both a breadth and a depth of knowledge in the integration of the departments, requiring both written and oral work.

Degree Requirements: Social Science, F9.

265. The East Asia Miracle.

Fall or Spring. Credits: 4.

Degree Requirements: Social Science.

Study of the development (economic and political) miracles that have taken place in East Asia since WWII. Special attention will be given to change in Japan since the war, the Four Dragons (S. Korea, Taiwan, Hong Kong and Singapore), Southeast Asia, and China.

Prerequisites: International Studies 100.

270. Research Methods in International Relations.

Fall or Spring. Credits: 4.

Degree Requirements: Social Science.

This course examines various tools and methods used in the study of international relations. The formulation and design of research projects will be emphasized. Basic analytical concepts and techniques will also be introduced as students explore various approaches to the study of world politics.

Prerequisites: International Studies 100 and 200, or permission of the instructor.

273. Government and Politics of Latin America.

Fall. Credits: 4.

Degree Requirements: Social Science, F8.

An introduction to Latin American politics. Military rule, human rights, democracy, populism, and the politics of gender, class, and ethnicity are examined in relation to specific countries in the region. The course then explores the political dimensions of development, poverty, and inequality. Emphasis is placed on the most important conceptual and theoretical frameworks used to understand politics and governance in Latin America. Degree Requirements: Social Science.

A study of the sources of international law, general problems of international law such as rights and duties of states, succession, recognition, settlement of disputes, international legislation, individual and collective responsibility, codification and U.N.-formulated international law.

Prerequisites: International Studies 100 or permission of instructor.

460. Internship in International Studies.

Fall, Spring. Credits: 1-8.

Degree Requirements: F11.

Arranged on an individual basis and in conjunction with the Career Services Office, students can receive internship credit for work in various professional settings. Internships have been arranged in the past with a variety of local law firms, non-profit agencies, and area corporations. Internship opportunities are also available with local, state, and federal government agencies. The typical internship experience receives 4 academic credits on a pass/fail basis. Students interns are expected to keep a regular log of their activities and write a final paper reflecting on their overall internship experience.

470. Summer Internship Abroad.

Fall or Spring. Credits: 4.

Degree Requirements: F11.

The Merie W. Buckman International Internship Program provides an opportunity for outstanding International Studies majors and International Studies-related Interdisciplinary majors to spend 8 months abroad while working on an internship project approved by the International Studies faculty. The Merie W. Buckman International Internships, which seek to expose students to international politics and economics, are awarded on a competitive basis and cover all direct expenses associated with the internship, including travel and accommodations abroad.

475. Senior Tutorial.

Fall, Spring. Credits: 4.

Conducted as a tutorial in seminar format, this course seeks to assist each student in intensive research and the completion of the Senior Paper and an oral presentation of the Senior Paper. The Senior Paper is based on a topic of student's choice and faculty member's approval. Social science research methods and theories used in the study of international relations and comparative politics are also discussed. Required of all International Studies majors and International Studies-related Interdisciplinary majors.

Prerequisites: Senior Standing.

495-496. Honors Tutorial.

Fall and Spring. Credits: 4-4.

An Honors version of International Studies 475, this tutorial will consist of individual research and writing of the Honors Project. Students will select a first and second reader for the Honors Project and a third member will be selected by the department. Students should consult with an International Studies faculty or

COURSE OFFERINGS IN COMPUTER SCIENCE

103. Computer Information Fluency.

Fall. Credits: 4.

Degree Requirements: Natural Science, F6.

A broad introduction to computing appropriate for all students, regardless of intended major. This course introduces fundamentals of computers and computer information management primarily through projects that emphasize mastery of basic concepts, acquisition of skills, and logical reasoning. Concepts presented include computer data representation, an intro to architecture and how computers work, and basic network organization. Skills are developed to facilitate the use of a computer for communication and online research. Logical reasoning is fostered through working with models and abstraction, algorithmic thinking with introductory programming, and critical evaluation of the use of computers and technology. Emphasis is on the development of a conceptual framework for further learning and problem-solving with computers, rather than on the use of specific software or hardware.

The Introduction to General Linguistics course presents language as a specific object of knowledge, though, science, and philosophy. Students will be introduced to the major linguistic theories and examine language as a semiotic system at various levels. Among the authors to be studied are Ferdinand de Saussure, Nikolai Trubetzkoy, Roman Jakobson, George Lakoff, Anna Wierzbicka, Sapir, Whorf, and Bakhtin. (Course is offered alternately years; scheduled for 2010-2011.)

Modern Languages 460. Internship.

Fall, Spring. Credits: 1-4.

Internships in the departmental languages are occasionally available for language majors and permit a qualified student to receive academic credit for an internship experience on or off campus, for example working in a business, a non-profit organization, or within the department itself. The internship, which requires of the student an advanced competence in a foreign language, must entail a significant encounter with a foreign language. Working with a faculty member, students must submit a project proposal for the internship prior to the beginning of the internship itself. The completed project will be graded by the faculty member. Intradepartmental internships will be reserved for students planning to continue their residence at the university.

Working figures: Vladimir Soloviev, Alexander Blok, and Sergei Rachmaninoff. The course will examine in depth the creative works of the philosopher-poet Soloviev, the poet-dramatist Blok, and the composer-pianist Rachmaninoff (for whom poetry was second only to music). Major themes and global concepts linking the three creative artists include the yearning for harmony; the exploration of Russian Orthodoxy and religious mysticism; the elevation of the eternal feminine of Sophia (the body of God); and connection between beauty and goodness. Representative philosophical, poetic, and musical works, respectively, of the three artists will be examined.

Prerequisites: At least one course from the following departments or programs: Music, Philosophy, Religious Studies, or Russian Studies.

This is a beginning course for students who have completed Music 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

415. Conducting.

Spring. Credits: 4.

Degree Requirements: Fine Arts.

This course serves as an introduction to the fundamental skills of conducting. This includes a basic introduction to reading, studying, and communicating a score to an ensemble.

Prerequisites: Music 206 or permission of instructor.

485. Senior Seminar.

Fall. Credits: 4.

PHILOSOPHY

ASSOCIATE PROFESSOR

Patrick A. Shade. 1996. Chair. B.A. and M.A., Colorado State University; M.A. and Ph.D., Vanderbilt University. (Ethics; American philosophy; history of philosophy; logic; interdisciplinary humanities.)

ASSISTANT PROFESSORS

Leigh M. Johnson. 2007. B.A., University of Memphis; M.A., Villanova University; Ph.D., Pennsylvania State University. (Social and political philosophy, continental philosophy; race theory; feminism; interdisciplinary humanities.)

HONORS IN PHYSICS

1. Courses required: those listed for the B.S. degree with a major in physics, plus Physics 495-496, Honors Tutorial.
2. A research project in physics, usually involving a topic related to Physics Faculty research. The Honors Project must be approved by the Department of Physics, must follow the Department's schedule for Honors work, and a credible thesis must be presented to the Department at the end of the academic year.

COURSE OFFERINGS

101. Astronomy.

Fall, Spring. Credits: 3.

Degree Requirements: Natural Science, F7.

physics. Includes the study of Newtonian mechanics and wave motion. Intended for both science and non-science majors, the course includes three lectures and one laboratory session each week.

Corequisites: Physics 111L; Mathematics 121 or equivalent, or Math 115 with instructor approval

112. Fundamentals of Physics II.

Spring. Credits: 3.

Degree Requirements: Natural Science, F6, F7.

A study of the classical fields of physics, with an introduction to modern physics. Includes the study of thermodynamics, electromagnetism, optical properties of matter, and atomic structure. Intended for both science and non-science majors, the course includes three lectures and one laboratory session each week.

Corequisites: Physics 112L, Mathematics 122 or equivalent.

Prerequisite: Physics 111 or the equivalent.

111L-112L. Fundamentals of Physics Laboratory.

Fall, Spring. Credits 1-1.

Basic experiments in topics covered in either Physics 111 or 112. Includes the use of computer-based data collection and analysis.

Corequisite: Physics 111-112.

151, 152, 153, 154. "Memphysics": Physics Education Outreach in the Memphis Community.

Fall, Spring. Credits 1-1-1-1.

Degree Requirements: F11.

These four courses are designed for students interested in physics and science education outreach. Students will learn how to design and carry out science education outreach activities in the community. Each course is worth one academic credit, and should be taken sequentially. Successful completion of 151 may be used to satisfy the F11 Foundational requirement.

Prerequisites: None, except courses should be taken in sequence and not concurrently.

211. Modern Physics.

Fall. Credits: 4.

A survey of relativistic and quantum physics, including photons, the atom, matter waves, introduction to quantum mechanics via the Schrödinger formulation, one-electron and complex atoms, nuclear properties and processes, elementary particles, molecules, and condensed matter.

Prerequisites: Physics 112.

Corequisite: Mathematics 223 or equivalent.

211L. Modern Physics Laboratory.

Fall. Credits: 1

The application of advanced experimental techniques to the exploration of 20th century physics concepts. Includes measurements of fundamental constants, properties of electrons, atomic energy levels, atomic and nuclear scattering, etc.

Prerequisites: Physics 111L-112L.

250. Mathematical Methods of Physics.

Spring. Credits: 4.

A survey of analytical and numerical techniques useful in physics, including

325. Optics.

Fall or Spring. Credits: 4.

A survey of contemporary physical optics, including diffraction theory (Fraunhofer and Fresnel), polarization, coherence theory and lasers, Fourier and nonlinear optics. Two lectures and one laboratory session per week. (Course offered as intersession arrangement.)

Prerequisites: Physics 301.

401. Quantum Mechanics.

Spring. Credits: 4.

Introduction to topics in quantum physics, including observables and measurement, position and momentum representations, intermediate a e66mMe

PHYSICS

minimum cumulative and major gpa of 3.5 is required at the time of application for honors and upon graduation.

Prerequisites: Permission of Department Chairperson.

POLITICAL SCIENCE

PROFESSORS

Michael Nelson. 1991. Fulmer Professor of Political Science. B.A., College of William and Mar ; M.A. and Ph.D., The Johns Hopkins University. (American Presidency ; Southern Politics; American politics.)

Marcus D. Pohlmann. 1986. B.A., Cornell College; M.A., M.Phil. and Ph.D., Columbia University. (American politics, legal studies; black political thought)

ASSOCIATE PROFESSORS

Daniel E. Cullen. 1988. M.A., Dalhousie University ; Ph.D., Boston College. (History of political philosophy ; American political thought; contemporary political theory.)

Michael P. Kirby. 1970. Plough Professor of Political Science. B.S., Wisconsin State University ; M.A., Northern Illinois University ; Ph.D., University of Wisconsin-Milwaukee. (Criminal justice; urban politics)

Stephen H. Wirls. 1994. Chair. B.A. Kenyon College; M.A. and Ph.D., Cornell University. (American politics, Congress, American political thought, modern political philosophy.)

ASSISTANT PROFESSORS

Margaret A. Carne. 2004. B.A. Oberlin College; M.A. and Ph.D. University of California, Berkeley. (American politics, campaigns and elections, parties and interest groups, research methods.)

Arielle C. Goldberg. 2007. B.A. University of Massachusetts, Amherst; M.A. and Ph.D., City University of New York. (American politics, urban politics, public policy.)

Christopher E. Baldwin. 2007. B.A., Kenyon College; M.A. and Ph.D., University of Toronto. (Classical political philosophy, American political thought, post-modern political thought.)

PART-TIME INSTRUCTOR

Ashley B. Coffield. B.A. Rhodes College; M.P.A., Texas A&M. (Public administration; public policy.)

STAFF

Jean E. Minmier. Departmental Assistant.

All political science majors must take 151. (Advanced Placement credit in Political Science will count as four credits toward the major but will not substitute for 151.)

REQUIREMENTS FOR A M

205. Introduction to Public Policy.

Fall or Spring. Credits: 4.

An analysis of the processes and politics of making and implementing public policies. Topics may include: taxing and spending, energy, transportation, environmental protection, agriculture, equality, health, consumer protection, education, business, labor and welfare.

Prerequisite: Political Science 151.

211. Politics and Literature.

Fall or Spring. Credits: 4.

An exploration of perennial issues of politics as they are treated in literature and drama. Authors studied may include: ancient Greek dramatists, Shakespeare, Defoe,

The 20th century. Views of Booker T. Washington, Marcus Garvey, W.E.B. DuBois, Martin Luther King, Jr., and Malcolm X are among those normally considered.

Prerequisite: Political Science 151 or permission of the instructor.

241. Parties and Interest Groups in American Politics.

Fall or Spring. Credits: 4.

Prerequisite: Political Science 151 or permission of the instructor.

288: Topics in Public Law.

Fall or Spring. Credits: 4.

Prerequisite: Political Science 151 or permission of the instructor.

301. Constitutional Law and Politics.

Fall or Spring. Credits: 4.

An examination of the federal judicial process and American constitutional principles. Constitutional topics include the free speech, church-state relations, abortion, euthanasia, and rights of the accused.

Prerequisites: Political Science 151 and one 200 level course.

307. Topics in Public Law.

Fall or Spring. Credits: 4.

An examination of some aspects of law and the judicial branch. Topics might include: the 13th Amendment, the 14th Amendment, state and local law, legal reform, and administrative law.

Prerequisites: Political Science 151 and one 200 level course.

311. Classical Political Philosophy.

Fall or Spring. Credits: 4.

A consideration of fundamental questions of political philosophy will be explored through careful examination of selected writings of Plato, Aristotle, and others. What is the human good? What is justice? How is politics related to human nature or, how does it mean to be a political animal? Are the good person and good citizen identical?

Prerequisite: One 200 level course.

225. Personality Psychology.

311. Counseling Psychology.

Fall, Spring. Credits: 4.

Degree Requirements: Social Science.

A survey of the major theoretical orientations and current practices of counseling and psychotherapy. Essential helping and listening skills will be practiced.

Prerequisites: Psychology 150 and Junior or Senior standing, or permission of the instructor.

318. Physiological Psychology.

Fall. Credits: 4.

Degree Requirements: Social Science.

This course illustrates how psychological processes can be understood as an expression of brain activity. Topics include perception, learning, motivation, language, consciousness and psychopathology.

Prerequisites: Psychology 150 or permission of the instructor.

323. Social Psychology.

RHODES STUDY ABROAD PROGRAMS

EUROPEAN STUDIES

European Studies is a sixteen-week program offered jointly by Rhodes and The University of the South (Seattle) that takes place from mid summer through early Fall. It is a full semester of study abroad and offers the unique experience of studying in a variety of locations in Europe in a special and quite different learning environment. The program begins in July with three weeks of study at The University of the South in Rhodes and Seattle faculty. The students then travel to England where there is a ten day program of archaeology and field work conducted by British tutors at York and the University of Durham, followed by six weeks in British institutions at Lincoln College, Oxford. The program closes with five weeks of travel in Western Europe, accompanied by British tutors in Art History.

are credited to the Rhodes transcript as credits only; they are not used to determine the grade point average.

7. Transfer credits may be used to satisfy M.S. degree requirements.

ACADEMIC REGULATIONS

The M.S. in Accounting program abides by the same academic regulations as the undergraduate program at Rhodes, with the exceptions noted below.

REGISTRATION

Qualification as a full-time, degree student requires registration for a minimum of six (6) credits in a semester. Degree-seeking students who register for five (5) credits or less in any one semester are classified as part-time students.

PASS-FAIL

A student may enroll in a class on a pass-fail basis. Permission of the instructor and the Director of the M.S. in Accounting is required and must be obtained during the first three weeks of the class in a semester. The Pass/Fail option may not be used to satisfy any of the graduate course requirements for the M.S. in Accounting degree.

ACADEMIC PROBATION AND SUSPENSION

To maintain acceptable scholastic standing and to graduate, a student must have an overall grade point average of 3.000 (B) for all graduate work attempted. The Graduate Committee places on academic probation any student whose cumulative grade point average at the end of a semester falls below the minimum standard. Notification of academic probation will be printed on the student's grade report. A student on academic probation is not considered to be in good academic standing. Such students are ineligible to participate in some extracurricular

HISTORICAL SUMMARY

Rhodes had its origin in the Clarkeville Academy, founded in 1837. The Academy continued its proper operation in 1848 to the Masonic Grand Lodge of Tennessee and was merged in to the new Masonic University of Tennessee, a degree-granting institution of higher education located in Clarkeville, Tennessee. This institution became Montgomery Masonic College in 1850, and in 1855 its name was again changed, to Sycamore College, in honor of its president, William M. Sycamore. Under President Sycamore's leadership the operation of the College passed from the Masonic Lodge to the Presbyterian Synod of Nashville.

Under the Plan of Union of 1873, the Presbyterian Church reorganized Sycamore College after the Reconstruction Era to operate it as the single Presbyterian college for the entire area which was at that time considered to be the South West.

In 1875 Sycamore College became South Western Presbyterian University, developing alongside the undergraduate curriculum a School of Theology, under the leadership of Dr. Joseph Wilson, father of Woodrow Wilson. The School of Theology remained in operation until 1917.

Under the leadership of President Charles E. Diehl, the College moved to Memphis in 1925 and adopted as its name South Western, denoting a liberal arts college. In 1945, the official college name became South Western at Memphis.

On July 1, 1984, the name of the College was changed to Rhodes College in honor of Peyton Nalle Rhodes, president from 1949 to 1965, who joined the faculty in 1926 and served the institution until his death in 1984. John David Alexander served as president from 1965 to 1969; William Lukens Boden, from 1969 to 1973; and James Harold Daughdrill, Jr., from 1973 to 1999. William Earl Trovatt became the nineteenth president of the College on July 1, 1999.

THE CAMPUS

The following alphabetical listing of Rhodes buildings includes functions of these facilities and the names of those who made the buildings possible. Thirteen campus buildings and 30 permanent gateways are listed on The National Register of Historical Places.

The Alburty Swimming Complex, given through the generosity of the late E. A. (Bob) and Emil Beale Alburty, was dedicated May 1, 1977.

*The Ashner Gateway** is a memorial to I. W. and Sallie Ashner, established by Mrs. Julius Goodman and Mrs. Ike Gronauer of Memphis.

Bailey Lane, the north campus drive between Snowden Street and Charles Place, was named in 1998 for Memphian Edgar H. Bailey, Rhodes life trustee, and his wife Ann Pridgen Bailey, Class of 1947, in grateful appreciation of their vision, generosity and devoted service to Rhodes.

The Paul Barret, Jr. Library is a state-of-the-art facility, made possible by a major gift from the Paul Barret, Jr. Trust. The Library opened during the summer of 2005. Paul Barret, Jr., a graduate of the class of 1946, died in 1999, as the nephew of Mr. and Mrs. A.K. Burro, who provided for the construction of the 1953 Burro Library.

*Bellingrath Residence Hall** was dedicated October 18, 1961, in memory of Dr. Walter D. Bellingrath, Mobile, Alabama, a long-time friend and benefactor of the College.

Blount Hall, a residence hall completed in 1986, was dedicated on October 17, 1996 in recognition of Carol and Winton Malcolm Blount as distinguished leaders, benefactors and friends of Rhodes.

Boyle Court, provided by the employees of Boyle Industries Company in memory of Chairman Emeritus J. Baird Boyle, Sr., was dedicated January 23, 1997. In 1998, as part of the 150th Anniversary celebration of Rhodes, a time capsule 02-(1)191rC

- *The William Neely Mallory Memorial Gymnasium* is the site of Rhodes' intercollegiate athletic events. It was dedicated December 10, 1954, in memory of Major William Neel Mallory, Memphis, who was killed in an airplane crash in Italy on February 19, 1945. Major Mallory became a member of the Board of Directors of Rhodes in 1937, and in 1938 became Treasurer of the College, which office he held at the time of his death.
 - *The McCallum Ballroom* is named in honor of Virginia J. and Robert D. McCallum, Chair of Rhodes Board of Trustees from 1969 to 1981.
 - *The Ruth Sherman Hyde Gymnasium*, made possible by gifts of the J. R. Hyde family, was dedicated March 17, 1971. It houses three racquetball courts and an aerobics/dance studio.
 - *Ferguson Field*, the original athletic playing fields on campus, was the gift to the college of about 15 acres of land owned by Mr. John T. Ferguson and his sister Mrs. Mary Ferguson Falls. Their generosity and name are now reflected in the field for varsity football and track-and-field events located to the north of the William Neel Mallory Gymnasium.
 - *Solomon Field* for football practice was dedicated in 1994 in memory of the winning college football player and all-around outstanding athlete Craig R. Solomon '79.
 - *Stauffer Field*, home of Rhodes varsity baseball team, was named in 1977 in honor of Frederic R. Stauffer, professor of physics for 26 years and college baseball coach for 10 years. Renovations completed by the 2009 season gave the college one of the finest baseball facilities in NCAA Division III.
- Buckman Hall* was named in honor of Merilee W. Buckman and the late Stanley J. Buckman and their family. It houses the departments of International Studies, Economics and Business Administration, Political Science, Language Laboratory, and

Claire Markham Collins Meditation Garden, given 2005 by the family of Garney J. Caldwell '05 in memory of the Class of 1981 alumna.

Dan Davis Court was named in 2004 in memory of Rhodes benefactor and friend Dan W. Davis, 1923-2002. The courtyard is bounded by Robb Hall, Catherine Burrro Refectory and Berthold S. Kennedy Hall-315(l)--9(l).

COLLEGE SPONSORED LECTURE SERIES

The academic life of Rhodes is enhanced considerably by annual sponsored programs which make it possible for authorities in various fields of study to come to the College and to participate in a variety of events with faculty and students.

THE LILLIAN AND MORRIE MOSS ENDOWMENT FOR THE VISUAL ARTS

Established in 1984, the Moss Endowment brings to the College each year guest lecturers and visiting scholars in the fields of art, art history, and criticism for the benefit of Rhodes students and the Memphis community. This series has attracted national attention for its roster of speakers selected from the world's leading

College Copyrightable Work shall mean copyrightable works owned by the College.

Tangible Results of Research shall mean a physical embodiment of the research effort, including physical embodiments of an invention, or College Copyrightable Work which results from College Activities by an individual member of the Staff. Such Tangible Results of Research shall include, but not be limited to antibodies, cell lines, new microorganisms, plasmid lines or progeny thereof; recombinant or other biological materials; integrated circuit chips, computer software, engineering prototypes and drawings, chemical compounds, devices, machines, and models.

Sponsor shall mean an individual or organization that by written agreement with the College shall finance in whole or part any College Activities.

and the Professor, the Professor shall determine, and advise the Author, in writing, whether such rights shall be retained by the College, conditionally retained by the College or shall be released to the Author; and

- Copyrightable works prepared by a Staff member while engaged in activities other than College activities shall be the property of the Author.

Tangible Results of Research. All Tangible Results of Research shall be the property of the College.

SPONSORSHIP OF INTELLECTUAL PROP

PROMOTION AND LICENSING

In interpreting and applying these policies, the College shall, by such means as it shall deem to be most effective and appropriate in each case, act to bring to the public all Intellectual Property to which the College has rights of ownership in whole or part. Such means may include, but shall not be limited to, agreements for the development, packaging, copying, promotion, licensing, printing, distributing or manufacturing of an Intellectual Property; and in either case the College shall advise the Inventor, Author, or Contributor of the terms of any such proposed agreement. No agreements will be entered into by the College without the review of all Inventors, Authors or Contributors. Any disagreement between the College and the Inventor(s), Author(s) or Contributor(s) concerning a proposed agreement will be resolved in a timely fashion by the Committee on Intellectual Property.

PROCEEDS FROM DISTRIBUTION OF INTELLECTUAL PROPERTY

Invention Proceeds. Subsequent to the College's recovery of funds that are invested in packaging, marketing or developing Intellectual Property, the Contributor(s) and the College will share in the net revenue received from the Contributor's Intellectual Property (ies) owned by and licensed from the College. The Contributor(s) will receive 50% of the net revenues, and the College will receive 50%. It is understood that one-half of the College's portion will be for the primary purpose of advancing and encouraging further research and intellectual property development within Rhodes College.

In the case of multiple Inventors, the Inventors' share will be distributed among the Inventors in accordance with a written agreement signed by all Inventors; or, if there is no such agreement, all Inventors will receive an equal share.

If inventorship is shared among College Inventors and inventors at one or more other institutions, the College will negotiate with the one or more other institutions concerning exclusive licenses and distribution of revenues. College net revenues from such agreements will be distributed to inventors at the College using the distribution formulae discussed above.

Copyright Proceeds. These will follow the same distribution and stipulations as Inventions listed above.

Tangible Results of Research Proceeds.

RELEASE OF RIGHTS OWNERSHIP

The Office of the Provost, for reasons and upon terms deemed to be satisfactory by its office, release on behalf of the College as an agent and in addition, patent, patent application, College Copyrightable Work, copyright or right of ownership to Tangible Results of Research to its Inventor, Author or Contributor.
